

# FLAGSTONE PAVERS

QUALITY & STRENGTH INTERLOCKED

*"Do you want to deal with problems like mold or cracking on your pavers?  
-Of course not! These problems are costly to fix, expensive to cure, and  
very unsightly!"*

**Severe Mold**

Caused by extremely porous pavers

**Excessive Cracking**

Caused by poor quality- weak pavers

EXPERIENCE **THE QUALITY DIFFERENCE**  
WITH FLAGSTONE PAVERS!!!

The most dense and least porous  
thin paver available!

The strongest, most durable  
thin paver available!

# FLAGSTONE PAVERS

QUALITY & STRENGTH INTERLOCKED

Whether you're building or remodeling your dream home, you bring all your hopes and aspirations into it. You're fulfilling the **American Dream.**

At **FLAGSTONE PAVERS**, we put that same level of dedication and commitment into each one of our pavers. That's why they are simply the best paver you can buy.

Whatever your project, **FLAGSTONE PAVERS** will help pave the way for your **American Dream.**

## WHAT MAKES FLAGSTONE AMERICA'S PREMIER THIN PAVER?

Flagstone's thin pavers are produced on machines exclusively designed to produce pavers, while those other poor performing pavers are produced on machines designed to produce other types of concrete products.

Flagstone has the most colors, shapes, and thin paver styles to choose from including: **New England, Frontier, Double Capitol, Commonwealth, Freedom, Liberty** and our newest product called **Monument**.

Flagstone also produces superior quality thick pavers in a wide variety of colors, shapes and styles.

All Flagstone products are:

Made using the finest raw **Materials** available.

Produced to high **Density** for optimum strength and durability.

A model of **Consistency** because we never compromise our batch designs.

Delivered with outstanding **Service** by quality minded - customer focused employees.

**NOT ALL PAVERS ARE CREATED EQUAL.**
